

# HR2475

## 24mm SDS Plus Rotary Hammer

780W

**Depth gauge**  
Convenient for drill holes of uniform depth.

**Adapted for SDS-Plus Bits**

**One-touch sliding chuck**  
for easy bit changes

**Ergonomic side handle**  
with rubberized soft grip provides more comfort and better control, while minimizing operator fatigue

**Bumper**  
protects the surface of workpiece and machine

**Reversing switch lever**  
to change direction of rotation

**Lock button**  
For continuous operation

**Ergonomic D-shaped handle**  
with rubberized soft grip provides more comfort and better control for heavy duty applications while minimizing operator fatigue

**No hammering while idling**  
ensures machine's long life.

**Torque limiter**  
Protects motor from burnouts by stopping bit rotation when hitting reinforcing

### Versatile 3 Mode Operation

Chisel rotates full 360° with 40 different bit angle settings without use of chisel adaptor

Rotation

Hammering with Rotation

Hammering

### MAKITA ADVANTAGE

High durability in mechanical parts, motor and carbon brush.  
Durable impact bolt and impact reducing cushion ring.  
Enhanced sealing performance to prevent grease leakage.  
Zigzag varnish to protect armature coil wire for longer motor life.

### SPECIFICATIONS:

Capacities	
Concrete	24mm
Steel	13mm
Wood	32mm
Continuous rating input	780W
No load speed	0 - 1,100 r/min
Blows per minute	0 - 4,500
Overall dimensions	
L x W x H	429 x 84 x 158mm
Net weight	3.0kg
Power supply cord	4m
Carbon brush	CB419
Joule rating	2.7 Joules

### FEATURES:

Double insulation, SDS plus drive, variable speed, reversing, torque limiter & carry case

### STANDARD EQUIPMENT:

Depth gauge & grip (Tool does not come with bit)
